tip, while those on the heavier boots | Only eight good-size flat buttons were are greatly simplified, depending on used on a light-weight patent shoe with stitching rather than perforation to a cloth top, which had a comparatively affect a neat finish.

Very few lace shoes are being shown, intended essentially for athletic wear ably used for the tops of dressy little or street use. The fourteen-button length is preferred, although some ofthe sturdier models, in gun metal or tan calf show as many as sixteen.

Toes are comfortably round and full. of the summer styles would seem to satin draperies, satin clad feet will have indicated, are reasonably low and peep, in pure French style with sparkbroad, without detracting from the undoubted charm which the more extreme models possess.

The woman who likes to carry out the color scheme of her costume to Our heels have come down-our toes the last detail will be glad to know that overgaiters, to match one's dress or suit, will be much worn during the sidered very smart, in gray and tan

A bit conspicuous, but most attraceboot with the top of check cloth, usushoes as well as the street shoes. The patent leather has a long wing tip, majority of the dressier styles have no which is stitched and perforated.

narrow toe, without a cap, and was most flexible and well cut. Gray suede except those in the more mannish cuts, and white buckskin are also considerboots for afternoon wear.

The Directoire modes, which will hold fashion's stage this season, will exert an influence, charming and distinctive, over shoe styles for evening while heels, though not as low as many wear. From beneath clinging, trailing ling buckles, or filmy rosettes, or in Colonial demureness

The bewitching French heel, beloved by women and execrated by wise, wise men, is displacing once again the less becoming, if more sensible straight heel, for ultra-dress occasions. Metal. lie effects have also to some extent given place to daintler fabrics and ornaments.

Fluffy chiffon resettes, some of them dotted with crystals or tiny pearls, buckles of rhinestones and of the popuvarious new finishes-these are the principal slipper adoraments that will be seen during the social season.
